

# The ANY-maze camera mount

## Overview

The versatile ANY-maze camera mount has a standard 1/4-20 UNC screw, allowing it to be used with almost all analogue and industrial USB cameras, including the [cameras we supply](#).

The mount can be fitted to solid walls or ceilings, and to drop ceilings using the included ceiling rail clip.

Can be used as a 3" mount with the head attached directly to the base, or as a 6" mount when the extension shaft is added.
